## About us

As one of London's largest and most diverse boroughs, Croydon is a fantastic place to live, work and spend time, with all the benefits of close proximity to the rest of London and the south east.

Our borough is made up of diverse communities that stretch from Crystal Palace to Coulsdon and from New Addington to Purley; with bustling district centres and over 120 green spaces that link us together and a vibrant urban town at its centre. One of London's largest commercial districts outside the centre, Croydon is a major hub of activity for shoppers, workers and visitors; its excellent transport links include the iconic trams. The borough has a richly diverse cultural scene and is known as the birthplace of music genres from punk to dubstep and the home of grime legend Stormzy.

Croydon's greatest strength is its people. London's second most populous borough, Croydon is home to 386,700 residents. Caring, passionate and principled, they take huge pride in coming together to improve their borough and help their communities. A long history of community action through our dynamic and dedicated voluntary and community sector was exemplified during the pandemic with Croydon uniting to support neighbours, communities and local businesses.

Croydon is also home to more than 94,000 under-18s – more young people than anywhere else in London. We are incredibly proud of them and committed to them and their futures. We look after more vulnerable children and young people than any other council in London; caring for them is a privilege and a priority, and our children's services are rated 'good' by Ofsted.

Over the past decade we have seen huge investment, regeneration and growth in our borough. Croydon remains an attractive and important part of London for ongoing growth and investment – growth from which we want to see all our communities benefit. However, the impact of the pandemic, austerity and our financial challenges mean we must change to focus on the needs our residents are facing today and make sure we are a financially sustainable council by 2024.

### **Croydon Council**

Croydon Council is one year into one of the most significant and fast-paced transformational programmes in local government today. Our renewal plans set out how we are changing as an organisation to provide the good quality core services and value for money our residents and businesses expect. We will focus our resources where they matter the most, prioritising clean, safe streets, protecting the most vulnerable residents, and tackling ingrained inequality and poverty, while living within our means. Throughout our three-year renewal programme, we will work in close partnership with our improvement panel. Both the panel and government have noted our "significant progress" and demonstrated confidence in our ability to deliver the changes we need to make.

We are also preparing for some major constitutional changes. Following a referendum in October 2021, Croydon is preparing to change its governance arrangements and adopt a mayoral model in May 2022. Our first elected mayor will have one of the largest mandates in the capital.

There is a huge amount of change underway and most importantly, we want to involve staff, residents and all our partners in the decisions we make and be open in everything we do. Our passionate and committed workforce is our greatest asset; our partners are our most valued colleagues. We look forward to continuing to work with them as we build the council for Croydon's future.
